FIFTEEN CENTS

## ACHS Board Fills Vacancy

James Walsh, a Metropolitan life insurance manager, has been named to fill the vacancy on the Antioch High School Board.

The school board approved Walsh's appointment at its meeting last Wednesday. He replaces Dr. Albert Bucar, who resigned recently. Walsh will serve until the election next April.

The board has scheduled its next two meetings for Tuesday, Nov. 19, at 7:30 p.m. It normally meets on the fourth Thursday of each month but changed those dates in order not to conflict with the holidays.

HARRISON BROWN, head of the biology department and a member of the ACHS faculty since 1958, submitted his resignation effective at the end of the first semester. He is retiring.

A home economics teacher, Rhonda Wapon, was granted maternity leave and a student, Janice Bittner, was hired as a secretary to assist in the guidance office on a cooperative work program.

THE BOARD approved the turn to Page 5

## Election Has Contests of Local Interest

Voters in Antioch, Lake Villa and Lindenhurst have plenty of reasons to get out and cast their ballots in next Tuesday's general election.

There are numerous contests of interest to this area.

Among them is the District 4 election for the County Board. Incumbent Republicans George Bell, Ronald Coles and Lloyd Murrie are being challenged by Democrats Joseph Bogacz, Harold Kaiser and Jean Montrimas.

Also of interest here is the race for sheriff between incumbent Republican Orville "Pat" Clavey and the Democratic candidate, E. J. "Chick" LaMagdeleine.

And Republican Margaret (Suzie) Metzler is challenging incumbent Democrat Grace Mary Stern for the job of county clerk.

These are just a few of the

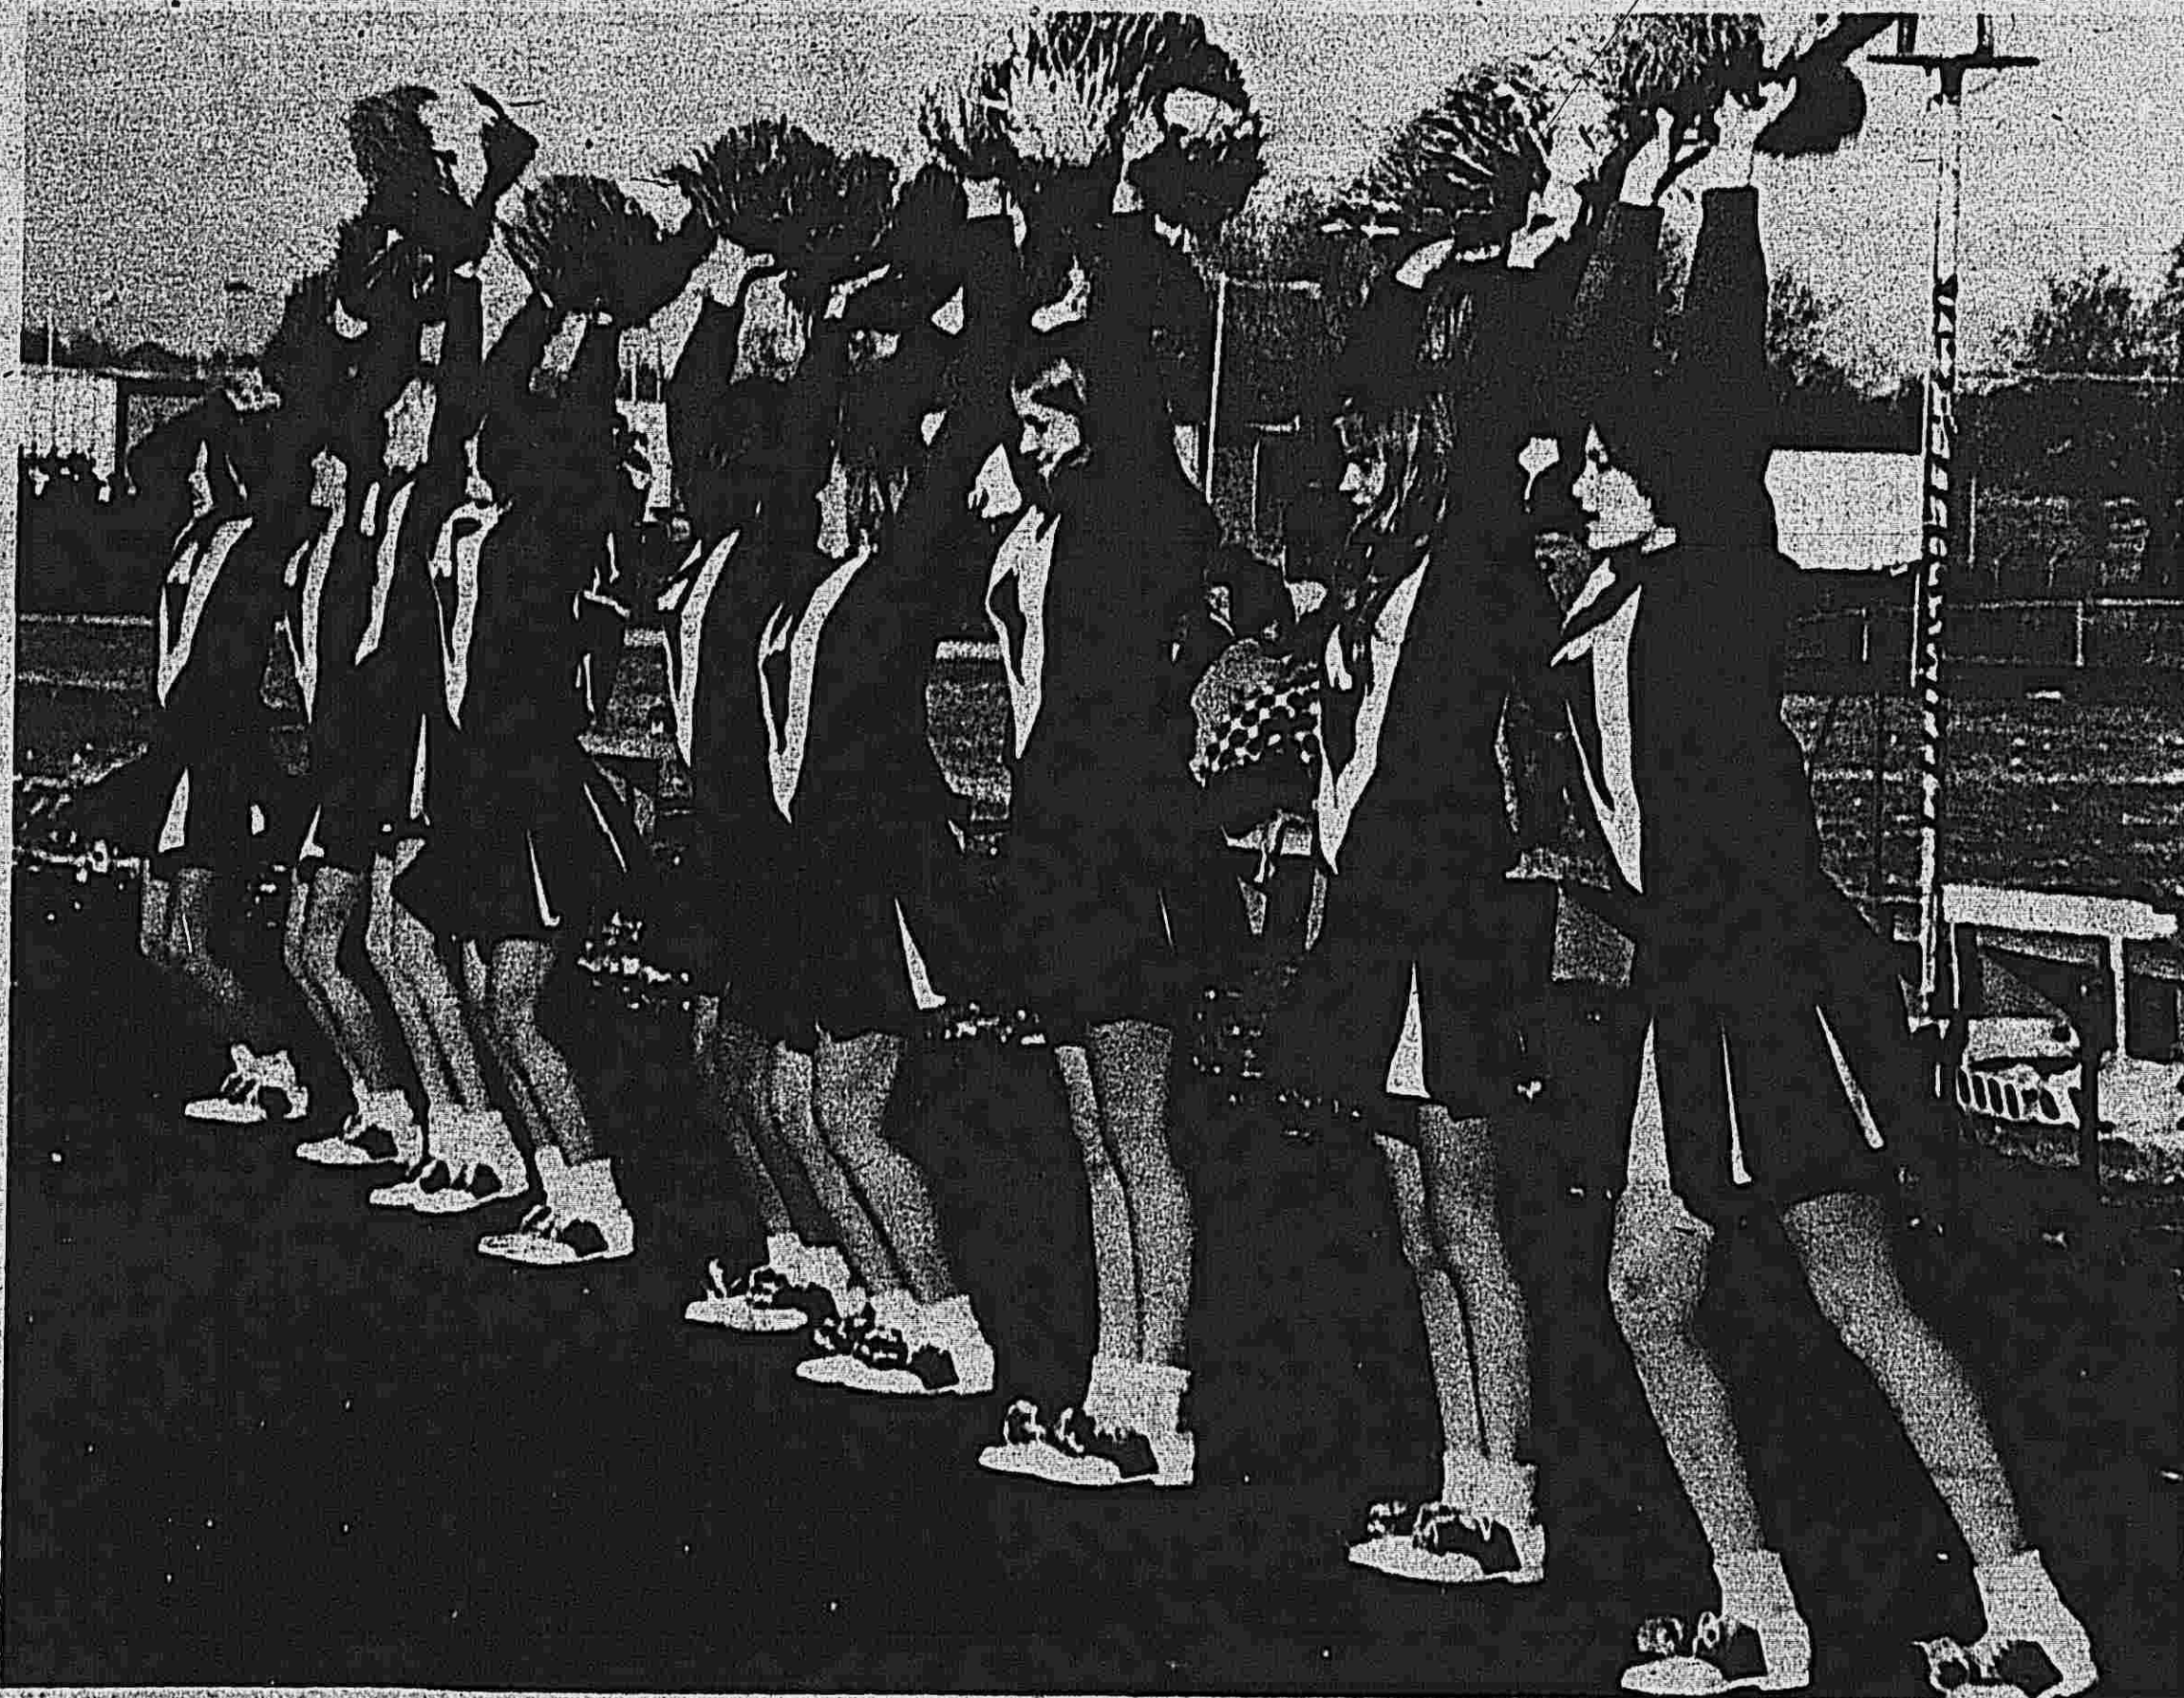

elections voters are talking about and will decide Tuesday at the polls.

IN ANTIOCH Township the polls will be open from 6 a.m. to 6 p.m. There are six precincts and voting places will be the village hall (1st precinct), the Scouthouse (2nd), Lotus school (3rd), Grass Lake school (4th), Channel Lake school (5th) and Emmons school (6th).

BELL, COLES and Murrie have said they are running on their performance record as leaders of the Lake County Board.

District 4 covers the townships of Avon, Fremont, Wauconda, Grant, Lake Villa and Antioch.

## PUBLICITY DEADLINE IS MONDAY

Because so many clubs and organizations are submitting

publicity releases on Monday afternoons and Tuesday mornings, the Antioch News is having trouble squeezing all of the information into the newspaper. So once again we must strictly enforce our deadline of Monday noon for publicity releases.

ONE OF THE HIGHLIGHTS of the Antioch High School Homecoming weekend was Saturday's halftime performance by the band, in its snappy new uniforms, and the flag corps. Two of the participants in the sharp drill were Joanna Vasek (left) and Sue Amundsen.

## Election

from Page 1

Coles has been County Board chairman for the past three

years, Bell is chairman of the financial and administrative committee, and Murrie heads the public services committee.

They point out that "under their leadership, Lake County has won 12 national achievement awards covering new and effective programs for county government, the third best county in the nation in this respect."

Among their opponents, Mrs. Montrimas, of Lindenhurst, appears to have campaigned the hardest.

She has said that the county board should be made up of one full-time representative from each district. "Township government," Mrs. Montrimas said, "is archaic and serves only as a tax drain on residents. It is ineffective and expensive."

In one of several press releases that were sharply critical of the incumbents, Mrs. Montrimas charged:

"It's time for a change on the County Board. The incumbents have been in office long enough to owe favors to special interest groups."

ANOTHER RACE that has provided interest in the area

pits Antioch Republican William "Bill" Thompson against Democrat Carol D. Mardell of Highland Park for the office of Superintendent of Educational Service Region.

Thompson has 23 years of educational experience as a teacher, coach, principal and school superintendent. He has been 1st Assistant Superintendent of the Lake County Educational Service Region since 1971.

Dr. Mardell has experience as a classroom teacher, school district psychologist, administrator and university instructor.

## Chats

Last year when the District 34 Grade Schools held their Parent-Teacher conferences, many of the parents requested two conferences per year. This year, the Board of Education has scheduled a fall Parent-Teacher conference and another one in mid-April.

For the fall conferences the students will be dismissed at mid-day on Wednesday and Thursday, Nov. 6 and 7, and all day on Friday, Nov. 8. All parents at the K-5 buildings will receive a conference time from the schools. If it is impossible to keep the appointed time, parents are requested to contact the school for rescheduling.

The Upper Grade School will send a written conference request to parents of selected students. Those parents who have not received a conference request by Friday of this week should call the Upper Grade School to set up a conference with any or all of their child's teachers.

## ON THE JOB

### ELECTION DAY, NOVEMBER 5

Imagine waking up to a day in which over one-third of America's work force has capriciously decided to take the day off.

You amble to your front door, only to find your morning newspaper missing; the paper boy has gone fishing. After waiting an hour for your bus, you decide to walk to work; the driver, too, is away from his job. You arrive home at the end of a hectic day to find no groceries for dinner—your wife says the store was closed. The point is obvious: none of us can function without the performance of responsibilities by those on whom we rely.

Yet many of us apparently expect our country to operate smoothly when over one-third of us are "off the job" as citizens and voters. In 1972, for example, 80 million Americans—37 per cent of the electorate—failed to vote in the presidential election. Worse, in the last non-presidential election year—1970—nearly 50 per cent of eligible voters failed to cast ballots.

This year be "on the job" on Election Day 1974.

## THE BARRY GOLDWATER COLUMN

# Solution to Energy Problem May Come From Outer Space

By SEN. BARRY GOLDWATER

The ultimate solution to the earth's energy and environmental problems may well come from outer space.

At least that is the opinion of Dr. V. E. McKelvey, director of the U.S. Geological Survey.

Dr. McKelvey believes that enormous benefits may come from NASA's Earth Resources Technological Satellite (ERTS) Program which could help not only the United States but all other nations of the globe in locating energy resources.

He outlined one of the most important "spinoffs" that may result from the nation's space program in a paper presented to the Ninth World Energy Conference in Detroit.

HE CITED a number of experiments where the program had made use of satellite images to identify surface clues to possible petroleum deposits; to monitor snow cover as an aid to power generation, irrigation and flood-control means, and in monitoring the extent of strip mining.

In reporting on what he called "down-to-earth benefits" resulting from the NASA program, McKelvey noted that the U.S. Geological Survey is the largest recipient and user of the ERTS data.

As Dr. McKelvey explained: "Our long experience in calculating, analyzing and reporting earth science data tells us that a balance between environmental concerns and energy resources development cannot be obtained without an adequate information base. The absence of this information often results in inconclusive public debate and a public that loses trust in managers."

MC KELVEY SPELLED out in some detail how it would be possible to monitor changes in the earth that might result in benefits to mankind. He pointed out, for example, that ERTS—with its ability to orbit the earth, passing over the same spot every 18 days—provides another dimension in information gathering and monitoring. He also said that one of the objectives of the program is to obtain at least one-time image coverage of major land masses of the entire world.

This coverage already is complete for nearly 80 percent of the world, and has already been completed for the North American continent.

"MOST OF THE North American continent has been observed several times, providing

an environmental base line of dynamic conditions during the 1972-74 period. The dynamic features reflect base environmental parameters such as vegetation, surface water, soil moisture, snow cover and coastal processes. And the value of using these dynamic characteristics for environmental base-line studies is being demonstrated by examinations in many disciplines."

Citing the value of environmental monitoring from space, McKelvey said that ERTS images had revealed less residual environmental degradation than had been expected from an exploration of the area on the North Slope of Alaska shortly after World War II.

## Know Your Schools

Gov. Daniel Walker has proclaimed the week of Oct. 27 through Nov. 2 as American Education Week in Illinois. The chief executive urged "all patriotic citizens to visit the schools and become better informed concerning the school's obligations and the purposes for which they are endowed." He noted that parents, friends, and public officials have been invited to visit their local public schools during the observance.

Visitors are urged to turn the visit into an in-depth evaluation of local district schools, using the IEA AEW checklist which will enable visiting parents to grade their schools in areas such as curriculum, programs, class size, facilities and equipment.

## Part of Waukegan Freeway Opens

A new section of the north-south lakefront supplemental freeway in the city of Waukegan has been opened to traffic.

The section extends for one and one-half miles and connects with Greenwood Ave. on the north and Grand Ave. on the south. The connecting ramps and the main roadway, designated as Federal-Aid Route 436, were constructed under a \$2.7 million contract started in March of 1972.

The Lakefront Freeway is part of the 1995 Freeway System approved by the policy committee of the Chicago Area

Transportation Study last June.

It will be a multi-lane divided highway generally located along existing Buckley Road (Illinois 137) and Sheridan Road, running from I-94 (Tri-State Tollway) east to Sheridan Road, then north to connect with the section under construction at Grand Ave. The seven-mile section between Grand Ave. and I-94 is estimated to cost \$115 million.

Locating and design studies for this project are expected to be completed by June, 1975, when federal approval is anticipated.

## Along the way with ANNIE MAE

This had to be the best Homecoming parade I've ever seen in Antioch! A big congratulations to the Antioch High School Band and it's director, Mr. John Olisar, you were super. The kids really looked sharp in their new uniforms - especially during the half time show at the football game. And of course your Flag Corps and their can-can show helped too. Things are looking up for the band now that the grade school program has begun again.

The floats were really good this year. Our congrats to Linda Kasik and Chuck Smith who reigned as King and Queen of the dance last Saturday evening, and to all the young people on the court.

Ladies - remember the Homemakers Show is planned for Wed., Nov. 6 at the Lake County Fair building from 10 a.m. to 7 p.m. Be sure to take time out of your busy schedule and see all the items you can make for the holidays.

Also, remember next Tuesday is election day. If there is any question about polling places, etc. call the Antioch Township Office.

Hope all of you guys on the police force are feeling better. Seems the blue flu or some bug has hit the department. A speedy recovery to Officers Good and Mason who are recovering from hospital stays.

Also, a speedy get well to Dirk Dietz and Bruce Keschmatey.

Joe and Rose Pechulis and Dan and Willie Kasik are fully recuperated after their long weekend in Las Vegas. It was long on fun and short on sleep. Highlight of their stay was Joe on stage with the "Lettermen" singing "Won't You Come Home Bill Bailey?" I hear one of the fellas in the group said he really sounded like a singer but looked more like a bouncer. Is that right Joe?

Mr. and Mrs. Melvin M. Stillson have been entertaining relatives from Sioux Falls, South Dakota, Minneapolis, and San Francisco for the past two weeks.

Mrs. Stillson along with her sister Virginia Sheperdson and

her niece Linda Barnhill spent over a month in Yugoslavia with her daughter Dee and family. The group took in the sights at Craz, Austria as well as trips to Bled, Ljubljana, Split, Dubrovnik (the latter two are on the Adriatic coast). There were lots of open markets and outdoor restaurants for the ladies to enjoy as well as two folk dance festivals. Sounds like quite a trip ladies!

Hear tell former Antioch resident Elfrieda Mau thinks the new mini-park is really great.

Our village officials attended the 61st Annual Conference of

the Municipal League this past weekend at the Conrad Hilton in Chicago.

Looks like the stork has interfered with the water meter reader in this town! (Maybe we won't get any bills this time) Roseann and Charles Mazzie are delighted to announce their expected visitor soon.

Barb and Joe Rush spent the weekend with their son Dave at NIU. They were treated to the NIU Marching Band as they marched in the Sycamore Pumpkin Festival this past Sunday. Grandma and Grandpa Murrie went along too and everyone enjoyed the music as

well as a picnic supper.

Sorry we missed ya Pol - see ya soon.

Good to hear from Phil Schwartz and his Laurie - Watch for more news next week.

Birthday congrats are in order for Conrad Knutson, Patty Van Patten and Candice Clarkson who celebrate on the 30th, to Denise Tarezynski and Matt Maloney who celebrate on the 31st. Beginning in November Tammy Groth on the 2nd, and to Laurie Poules and Karen Anderson on the 3rd.

See ya,  
Annie Mae

low bid for bonds issued for the Lake County Area Vocational Center. The low bid for the \$109,000 was 5.5 percent, submitted by the Northern Trust Co. in conjunction with the State Bank of Antioch.

Superintendent Warren Polley told the board there will be no school on Fri., Nov. 8, when teachers will participate in a workshop. Dr. Donna Ogle of the National College of Education in Evanston will conduct the workshop.

The school board purchased a 1969 GMC dump truck, equipped with snow plow and sander, from Olson Implement Co. for \$3,750. The school's old truck was traded in.

### 70 YEARS AGO OCT. 27, 1904

Horse racing on our main street is a dangerous thing, and we hope the city authorities will enforce the laws regarding it, as it is a menace to life and property.

Charley and Harry Smith, who for the past two weeks have been quite sick with typhoid fever, are reported as getting along nicely although it will be some time before they will be able to be out again.

### 50 YEARS AGO OCT. 30, 1924

The \$100,000,000 bond issue being placed before the public at Tuesday's election should receive the vote of everyone in this district. Antioch Township alone will receive half a million dollars in improvement.

The Antioch Poultry Association is now a reality. A large group of poultrymen and farmers met last week at Chinn's Hall and after laying out plans for a poultry and egg show, decided to form an organization whereby they could more effectively put across any undertaking.

### 20 YEARS AGO OCT. 28, 1954

Area residents, like those elsewhere in Illinois, will be called upon to cast their vote next Tuesday for federal, state and local candidates. Claiming much interest is the campaign between Joseph T. Meek, Republican, and Paul Douglas, Democrat, for the U.S. Senate.

Richmond Lodge No. 143, Ancient Free and Accepted Masons, will celebrate its 100th anniversary on Nov. 6, it has been announced this week.

### 10 YEARS AGO OCT. 29, 1964

John V. Burland, author of the column, "Speaking to You," which has appeared on the editorial page of the Antioch News for the last year, died last Friday. He had been a patient at a Rockford hospital for 12 days, and died of a coronary attack.

Winners in last Saturday's Punt, Pass & Kick contest were Terry McCafferty, Ray Meierdick, Russ Albano, Michael Gutowski, Doug Stickels, Terry Lear, Chris Johnson, Jim Revell, Rick Nauseda, Tom Wilkins, Richard Weiss, Chuck Jester, Billy Gaa, Robert Letkey, Jim Kopriva, Steve Owens and Jeff Sterbenz.

## "Christmas Around The World"

Chicago's ethnic groups have begun intensive preparation for the 33rd annual "Christmas Around the World" Festival at the Museum of Science and Industry to be presented Nov. 29 through Jan. 1.

Festivities begin Nov. 29 when hundreds of representatives of the participating 29 ethnic groups and nationalities arrive at the Museum to trim 24 Christmas trees—each 20 feet tall. Four creches will be featured as well as other traditional Christmas displays.

Adding to the mood of the holiday, Christmas carols will resound through the Museum as each day choral groups from Chicago-area schools and churches present concerts in the Christmas display area from Nov. 29 through Dec. 23. International evening and

weekend theater programs will be presented in the Auditorium daily from Nov. 29 through Dec. 15.

To top it all off, holiday meals reflecting the nationality of the pageant programs will be served in the Museum's dining rooms. The elaborate meals range from a Swedish smorgasbord to a Hawaiian luau.

For dinner reservations and further information, call the Museum's Christmas desk at MU 4-1414.

Admission to the Museum and Christmas festival is free. The Museum is located at 57th St. and Lake Shore Dr. and is open from 9:30 a.m. to 4 p.m. Mondays through Saturdays, 10 a.m. to 6 p.m. Sundays and holidays. It is closed on Christmas day.

### A little simple arithmetic about a Math major.

The cost of a higher education is getting higher. In fact, you could end up spending close to \$20,000 to put your child through college.

So maybe you should consider U.S. Savings Bonds. They're one of the most dependable ways to build funds for an education.

All you have to do is join the Payroll Savings Plan where you work. Then an amount you specify is set aside from your paycheck and used to buy Bonds.

Say your child is 3 years old now. If you buy a \$75 Bond a month through Payroll Savings, by the time he's 18, you'll have \$16,048 tucked away. A solid sum to get him started. See? A little simple arithmetic can add up to a lot.

Make the chances of your child's college education more secure. Join the Payroll Savings Plan now.

Now U.S. Bonds pay 6% interest when held to maturity of 5 years (6 1/2% the first year). Bonds are replaced if lost, stolen or destroyed. When needed, they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

### CHRISTIAN SCIENCE CHURCH

In the Bible in St. John 8 we read how Jesus helped the woman who was taken in adultery. This will be read this Sunday in the Lesson-Sermon "EVERLASTING PUNISHMENT."

Citations from SCIENCE AND HEALTH WITH KEY TO THE SCRIPTURES by Mary Baker Eddy read "Do you ask wisdom to be merciful and not to punish sin? Then "Ye ask amiss." Without punishment, sin would multiply. Jesus' prayer, "forgive us our debts," specified also the terms of forgiveness. When forgiving the adulterous woman he said, "Go, and sin no more."

Everyone is invited to attend the services at the First Church of Christ, Scientist, BEACON HILL, Rt. 173 and Harden, Antioch, Ill. They begin at 11 a.m. Nursery service is provided for children.

Visitors may view the exhibit from 8 a.m. to 3:30 p.m. Monday through Friday at the Upper Grade School.

## American Legion Fall Meeting

The Second Division fall meeting of the American Legion Auxiliary will be held in Byron, Ill., on Sunday. The American Legion will be meeting at the same hour in the Byron Legion Home. Registration begins at 12:30 p.m.

Unit Presidents of the 22 Units in Lake County are sending their lists of delegates and alternates to 10th District Vice President, Mrs. John Chudzik. Chairmen who will present

the outline for this year's endeavors on behalf of the American Legion Auxiliary are: Mrs. Joseph A. Hogue, Civil Preparedness; Mrs. William Schultz, Communications, and Mrs. Albert Dorn, Junior Membership.

The Second Division includes all of Northern Illinois with the exception of Cook County. There are more than 35,000 Legionnaires and some 20,000 Auxiliary members in the Division.

## Inconvenience Poll Won by Electricity

Most Americans say that shortages of electricity would inconvenience them even more than oil shortages.

A recent public opinion survey conducted nationwide by Roper showed that 84 per cent of those questioned ranked the inconvenience factor of oil cut-backs second, then grains, both items behind electricity.

Sixty-six per cent believe that too little is being done to increase the nation's energy supply, and many expressed support for energy conservation measures such as lowered thermostats, year-round daylight savings, and early closing hours for stores.

### WOODSHED WISDOM

A Wall Street Journal column reports that from two to five percent of the babies being born today in large American cities someday may die by violence -- the victims of homicide. If present rates of increase continue, the chance of being murdered for babies born in Detroit or Cleveland, for example, could eventually run anywhere from one out of 69 to one out of 14.

There is no explanation for this increase in the national murder rate. But, since it appears to be across the board, the only thing that can change the trend, The Journal article notes, is a change in social conditions and public policies. This would mean things like greater use of capital punishment, better drug treatment or a strengthening of family discipline.

It may boil down to old-fashioned woodshed wisdom rooted in such aphorisms as "spare the rod and spoil the child" or "let the punishment fit the crime."

### A little simple arithmetic about a Math major.

The cost of a higher education is getting higher. In fact, you could end up spending close to \$20,000 to put your child through college.

So maybe you should consider U.S. Savings Bonds. They're one of the most dependable ways to build funds for an education.

All you have to do is join the Payroll Savings Plan where you work. Then an amount you specify is set aside from your paycheck and used to buy Bonds.

Say your child is 3 years old now. If you buy a \$75 Bond a month through Payroll Savings, by the time he's 18, you'll have \$16,048 tucked away. A solid sum to get him started. See? A little simple arithmetic can add up to a lot.

Make the chances of your child's college education more secure. Join the Payroll Savings Plan now.

Now U.S. Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Bonds are replaced if lost, stolen or destroyed. When needed, they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

### Take stock in America.

### A little simple arithmetic about a Math major.

The cost of a higher education is getting higher. In fact, you could end up spending close to \$20,000 to put your child through college.

So maybe you should consider U.S. Savings Bonds. They're one of the most dependable ways to build funds for an education.

All you have to do is join the Payroll Savings Plan where you work. Then an amount you specify is set aside from your paycheck and used to buy Bonds.

Say your child is 3 years old now. If you buy a \$75 Bond a month through Payroll Savings, by the time he's 18, you'll have \$16,048 tucked away. A solid sum to get him started. See? A little simple arithmetic can add up to a lot.

Make the chances of your child's college education more secure. Join the Payroll Savings Plan now.

Now U.S. Bonds pay 6% interest when held to maturity of 5 years (4% if the first year). Bonds are replaced if lost, stolen or destroyed. When needed, they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

### CHRISTIAN SCIENCE CHURCH

In the Bible in St. John 8 we read how Jesus helped the woman who was taken in adultery. This will be read this Sunday in the Lesson-Sermon "EVERLASTING PUNISHMENT."

Citations from SCIENCE AND HEALTH WITH KEY TO THE SCRIPTURES by Mary Baker Eddy read "Do you ask wisdom to be merciful and not to punish sin? Then 'Ye ask amiss.' Without punishment, sin would multiply. Jesus' prayer, 'forgive us our debts,' specified also the terms of forgiveness. When forgiving the adulterous woman he said, 'Go, and sin no more.'"

Everyone is invited to attend the services at the First Church of Christ, Scientist, BEACON HILL, Rt. 173 and Harden, Antioch, Ill. They begin at 11 a.m. Nursery service is provided for children.

## COMMENTS...

## WOODSHED WISDOM

A Wall Street Journal column reports that from two to five percent of the babies being born today in large American cities someday may die by violence -- the victims of homicide. If present rates of increase continue, the chance of being murdered for babies born in Detroit or Cleveland, for example, could eventually run anywhere from one out of 69 to one out of 14.

There is no explanation for this increase in the national murder rate. But, since it appears to be across the board, the only thing that can change the trend, The Journal article notes, is a change in social conditions and public policies. This would mean things like greater use of capital punishment, better drug treatment or a strengthening of family discipline.

It may boil down to old-fashioned woodshed wisdom rooted in such aphorisms as "spare the rod and spoil the child" or "let the punishment fit the crime."

## Environmental Art Display

Through special arrangements with the Sierra Club, an environmental organization, the environmental education program has arranged a special display of excellent nature environmental photographs.

Thirteen large pictures will be arranged in a colorful display of books and photo-

graphs on the environment at the Upper Grade School throughout the month of November. The display has been set-up in the library-learning center by Mrs. Mary Kern and Ms. Molly Warren.

Visitors may view the exhibit from 8 a.m. to 3:30 p.m. Monday through Friday at the Upper Grade School.

## Inconvenience Poll Won by Electricity

Most Americans say that shortages of electricity would inconvenience them even more than oil shortages.

A recent public opinion survey conducted nationwide by Roper showed that 84 per cent of those questioned ranked the inconvenience factor of oil cut-backs second, then grains, both items behind electricity.

Sixty-six per cent believe that too little is being done to increase the nation's energy supply, and many expressed support for energy conservation measures such as lowered thermostats, year-round daylight savings, and early closing hours for stores.

## American Legion Fall Meeting

The Second Division fall meeting of the American Legion Auxiliary will be held in Byron, Ill., on Sunday. The American Legion will be meeting at the same hour in the Byron Legion Home. Registration begins at 12:30 p.m.

## ABC's Of Travel

By BARB CORBIN

If you can't beat it - treat it! It's the curse of the frequent traveler. No matter what name you know it by - Montezuma's revenge - Delhi Belly - Traveler's Distress - or the official "Turista." It is an affliction all too familiar to anyone who has traveled through some of the world's less developed nations.

For 20 years now, researchers have been trying to track down its cause. The current theory is that it comes from a particular type of bacteria, common the world over, which is picked up by travelers from contaminated food and water. Scientists believe they can isolate the

villain and develop a vaccine in the near future.

In the meantime, the best way to avoid contracting turista while you are traveling is to avoid fresh fruit and vegetables, raw foods and ice cubes. Drink only bottled or boiled water, tea, wine, beer, soda or coffee. And if you are unlucky enough to get it, put yourself on a diet of small amounts of tea, rice and apple sauce, taken every hour, to restore fluid and nutritional balance. Within 24 hours you should begin to feel like yourself once again. This works from self-experience after living out of a suitcase so to speak for 13 years.

### Fix-It Tip

Whatever its place in your plans, a bike needs maintenance just as your auto does. Unlike your auto, a bike is something you can do a good amount of maintenance on yourself.

Begin by keeping bicycles clean and dry. This involves having a sheltered place for storage. Exposed parts that are wet and muddy should be wiped off as soon as possible. Inspect chains frequently. Don't let them get mud covered. The grit adds to the wear. Since links wear out individually it isn't necessary to replace the entire chain.

# LINDENHURST NEWS

By SANDI CHRISTMAN

**TRICK OR TREAT, MONEY OR EAT!** That will be the old familiar cry, throughout the village as the children make their Halloween debut as monsters, clowns, rabbits, etc. on Thursday. Trick or Treat hours in the village are 3 to 8 p.m.

At Monday night's village board meeting, the board appointed a committee of 11 village residents to study the Red Rock Lake area and the feasibility of requesting the land being purchased by the forest preserve.

Those named to the committee are: Mrs. Sue Bissing, Mrs. Erika Danaj, Mr. Richard Christman, Mr. Hal Davidson, Mrs. Vivian Marr, Mrs. Jean Montrimas, Mr. Eugene Par-

ker, Mr. Bob Ries, Mrs. Winnifred Toal, Mrs. Jeannette Troy and Mrs. Mary Reljic.

The committee will have till Feb. 1 to research the subject as objectively as possible to establish the pros and cons of a forest preserve. They are to appoint a chairman and secretary to take minutes of their meetings and deliver a copy to the village after each meeting.

Trustee Robert Ratch informed the board that there was about 104 street corners in the village and that he is preparing to order signs and as many poles as possible. The cost is a little high.

The village has hired a new policeman to fill the vacancy established by the resignation

of Officer John Dunn. The new police officer is Bill Enzenbacher. The board passed a resolution to commend Officer Dunn for the fine job he has done for the village.

Would you believe Liberty Asphalt Company was in the village Monday working on the Beck Road Park? Well, it's true. They were at the park spreading gravel but then the rains came again Monday night.

Village officials hope to move to the new village hall on Saturday. Don't forget the teen dance this Friday at B.J. Hooper School. Tickets will be at the door. There will be a live band and refreshments. The doors open at 8 p.m. and the dance will be over at 11 p.m.

## Referendum Questions & Answers

The board of Education of Grade School District 34 has called for a voter referendum on Sat., Dec. 14, asking for an educational rate increase of 45 cents.

In order to give residents of the district a chance to ask questions and receive answers, this newspaper will run a question and answer column as often as possible between now and Dec. 14.

Call your questions in to the Board of Education office, 395-0712, any school day between 8 a.m. and 5 p.m. or send them by mail to 800 Highview Dr., Antioch.

There may be more questions than can be answered in the newspaper. If your question is not answered, the District 34 Board of Education has promised to answer the question personally, providing you give name and address.

### EXAMPLES:

Q. What schools are in

### District 34?

A. District 34 is a grade school district including the Oakland building, Antioch on Main St., Channel Lake and the Upper Grade School.

Q. Where and when will the polls be open?

A. The polling will be at Antioch Grade School on Main St., Oakland and Channel Lake from 9 a.m. to 7 p.m. District 34 residents who are registered voters may vote at any one of the polling places regardless of where they live in the district.

Q. How much of the taxes collected actually get back to District 34?

A. At least 97 cents out of every dollar collected will be returned to District 34. The county may charge a collection fee not to exceed 3 cents on the dollar, but all the rest is returned directly to the school district.

SEND IN or call in your questions.

### Lesson Plans?"

More than 1,500 elementary language arts and secondary English teachers attended the conference to contribute new ideas in the teaching of English.

## AGHS Studio Theatre Performs This Weekend

The new Studio Theatre class of Antioch Community High School has moved into final preparations for the first show of its 1974-75 season, "The Effect of Gamma Rays on Man-in-the-Moon Marigolds," which will play this Friday and Saturday at 8 p.m. in the high school auditorium.

The play will feature a guest

actress in the role of Beatrice. Tessa Smith, who appeared in professional repertory theatre in her native England, has been rehearsing with the students over the past five weeks. The association with a professional actress has been particularly exciting for the student actresses who appear in the show — Chris Lindberg as Tillie, Laura

Hotchkiss as Ruth, Judy Vendl as Nanny and Wanda Springer as Janice.

Studio Theatre is a new concept in education at Antioch High. The class is partially sponsored by the Gifted Program of the State of Illinois, and is designed to allow students who have a particular gift for theatre to concentrate their efforts toward developing their talent.

It is hoped that the Antioch High School community will support this unique program by providing the audience. You'll be doing yourself a favor by coming to see this highly exciting production.

### AT THE HIGH SCHOOL

## Tessa Smith

By JULIE GUTOWSKI

The Studio Theatre class of Antioch High School is proud to announce that the role of Beatrice in "The Effect of Gamma Rays On Man in the Moon Marigolds," is being played by Mrs. Tessa Smith.

Tessa's life in theatre started at the age of 5, when she played the role of an angel in a school Nativity play. But, this was only the beginning. At Presentation Convent High School in Matlock, she had roles in many of the plays.

She studied at the London Academy of Music and Dramatic Arts where she had examinations in elocution and

TESSA SMITH

acting. She not only passed these, but received bronze and silver medals from the Academy.

Tessa underwent two years of extensive training at the Royal Academy of Dramatic Arts, in which speech technique, stage management and

other aspects of theatre were covered.

After her schooling, Tessa went on to play in many of the outstanding English theatres — among them, the Nottingham Playhouse and the Derby Repertory Theatre where she also was the assistant stage manager.

She was very active in PM&L's productions last season, and for the first time Tessa will perform on the Antioch Community High School stage in "The Effect of Gamma Rays on Man in the Moon Marigolds," Friday and Saturday at 8 p.m.

## Happenings around the community

### Woman's Club

The Antioch Woman's Club is having their guest day, Mon., Nov. 4 at 1 p.m. in the First National Bank meeting room. Program chairman Gay Sven has promised an interesting narration by Kathleen Nolan Walsh entitled, "Lady Your Mind is Showing."

On Tues., Oct. 22, the club hosted the October birthday celebration at Winchester House in Libertyville. President Fern Watson, Helen Nelson, Ronnie Stromberg and Leah McCraw presented the guests with gifts, cake and ice cream.

The program, "Take the Second Turning to the Left," presented by Mrs. M. R. Vick at the Oct. 21 meeting was most interesting. Hostesses for the afternoon were Mesdames Richard Ruck, Anton Stanich, Charles Ackerman, William Channon, Russell Holtz, Jerome Vogler, Eugene Zannini, James McMillen and Bernard Osmond.

Nov. 18 is Reciprocity Day and will be observed with a pot luck luncheon at noon in the Wesley Hall of the United Methodist Church. John Mosiman will present a program on Musical Paintings.

### Lake County Naim Meeting

The Lake County Naim Group, an organization for widows and widowers will meet on Sun., Nov. 10 at the Our Lady of Humility Church Hall, 1801 Wadsworth Road, Zion at 2 p.m.

Guests are invited. Refreshments will be served and reservations will be taken for the December 7 Anniversary Dinner.

For information contact Bill May at 356-8173 or Mary at 689-0770.

### Legion Auxillary

The regular meeting of Antioch American Legion Auxillary Unit No. 748 will be held on Nov. 4 at 8 p.m. at the Legion Home. Discussion will be held on the Christmas Potluck for December, seven-point program and the many other donations made at this time of the year.

Delegates to the 10th District meetings for 1974-75 are Ruth Pettigrew, Marilyn Stadick, Eva Fields, Addie Horton and Rose Kennedy. Alternates - Helen DeVries, Louise Dawden, Dorothy Horan, Vera Horton and Lydia Edwards.

# Hunter C.C. - Casual Elegance

"Fine Dining in a Country Club Setting!"

That was the headline on a recent Chicago Tribune article about Hunter Country Club, an elegant, yet comfortable spot only 10 miles west of Antioch on Route 173.

The restaurant-country club-golf course is attracting people from southern Wisconsin and the Chicago area as well as Lake County.

Originally, it was a beautiful, 118-acre farm owned by Robert Hunter, who served under General Sherman in the Civil War. When Colonel Hunter died, the property went to his daughter, the late Mrs. John Jennings. In 1930 she renovated the farmland in an 18-hole golf course and dining club.

THE ORIGINAL barn, built 116 years ago, is now the central room and ballroom. Additional rooms have been added on each side. There's the Red Room with handsome chandeliers and lush Victorian decor that is used for the overflow of diners and is also available for wedding parties and banquets.

The main dining room is a

lighthearted, completely glassed-in room with spectacular views of the golf course and Nippersink stream, which meanders through the course. White wrought iron tables and chairs are comfortably spaced throughout the lovely room, which is done in shades of pink, lilac and purple. The adjacent lounge is in the same motif.

ON FRIDAY AND Saturday nights and Sunday afternoons guests can enjoy dancing in the ballroom to the organ music of Jeff Smith and his combo.

Above the ballroom is the original hayloft where you can enjoy a drink between dances. All in all, there are five dining areas with accommodations for 450 guests for parties.

The present owner-manager of Hunter Country Club is Bob Buchert. He is responsible for the beautiful decor. Bob's sister, Mrs. Virgene Zarnstorff, manages the clubhouse and pro shop, and handles reservations and arrangements for golf outings, weddings and parties.

VIRGENE ALSO manages a boutique and gift shop, featur-

ing a lovely selection of jewelry, pant suits, dresses, caftans and blouses. On Tuesdays during the luncheon hours, she offers a

fashion show featuring clothes from the boutique.

Luncheon and dinner menu specials are offered every day except Monday. The boutique and gift shop is open daily

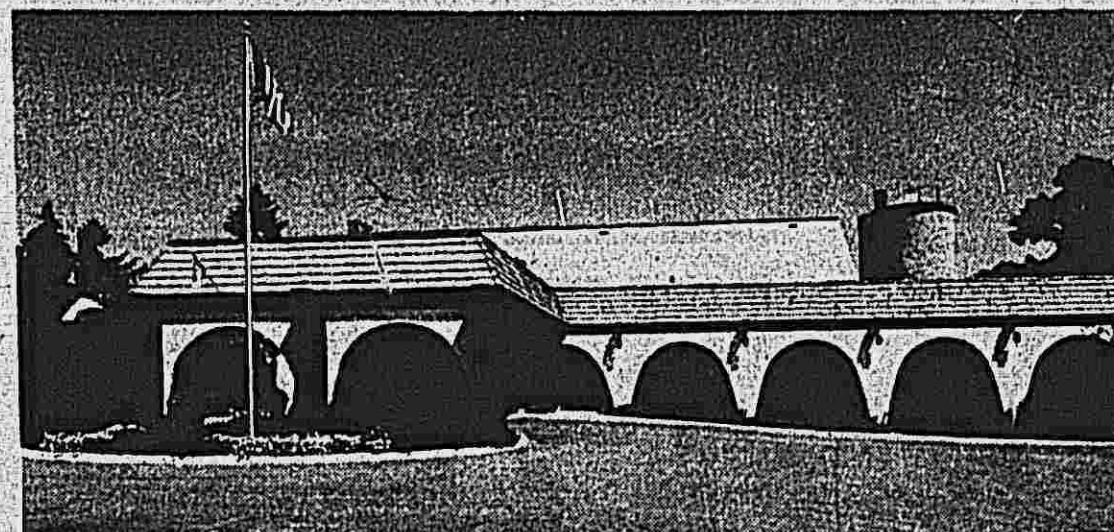

(except Mondays) from 11 a.m. to 5 p.m. and on Friday and Saturday evenings. A sale on fall and winter apparel is now in progress.

VIRGENE ZARNSTORFF shows some of the antiques and paintings in the gift shop at Hunter Country Club.

THIS CHARMING VIEW of the spacious clubhouse greets motorists as they drive into Richmond on Route 173.

THE COCKTAIL LOUNGE area also offers elegant and comfortably-spaced dining facilities.

A SALE on fall and winter apparel is now in progress at the Hunter Country Club boutique. Dresses, blouses, slacks, gowns and pantsuits are featured.

"OPERATION OUTREACH" -- The Kenosha Council on Alcoholism and Drug Abuse, and the Family Counseling Center, is reaching out to Salem and the Antioch area. The staff at the Human Services Office on Highway 83 includes (from left) Steven Goldberg, psychiatric social worker; Betty Parsons, psychologist; Mary Ann Frostman, counselor, and Shirley Ann Butowski, receptionist.

## Human Services Center Has Office in Salem

When the Human Services Center of Kenosha County opened its office in Salem it received some interesting calls.

Like people who had problems with dogs or cats.

But it isn't a humane society -- it's a joint project of the Kenosha Council on Alcoholism and Drug Abuse, and the Family Counseling Center.

The office on Highway 83, a few miles north of Antioch, offers counseling, classroom talks, referral to helping agencies, social group contacts, rehabilitation referral, diagnostic services, industrial consultation and programming, motor vehicle counseling, community programs, seminars for professionals, literature on health problems and hospital referral.

PEOPLE IN the Antioch area are welcome to take advantage of the services.

The main offices for the

agency are at 1232 60th St., Kenosha, and Ms. Mary Ann Frostman, a counselor at the center, said the branch in Salem was established to "provide these services in western Kenosha County, so that clients would not have to travel into Kenosha and caseworkers would not have to travel out here."

Ms. Frostman added that the Salem site was selected simply because of the telephone system, which provides toll-free service when calling Kenosha.

"Within every human being is a need to relate with various people about various problems," she stated, "and anyone with a problem relating to alcoholism or mental health is eligible for consultation."

Ms. Frostman also emphasized that no appointment is necessary for consultation, and all cases are kept confidential. The telephone number is 414-843-2391, and the hours are

8:30 a.m. to 5 p.m., Monday through Friday.

In addition to Ms. Frostman, who is a member of the Wisconsin Association on Alcoholism and Other Drug Abuse, Inc. and the Counselors Alliance on Alcoholism and Associated Problems, Inc., other staff members include Ms. Betty Parsons, who holds an M.S. degree and is a licensed psychologist in the state of Wisconsin and a social worker; Steve Goldberg, who also holds an M.S. degree; and Ms. Shirley Butowski, office receptionist. Robert White, Kenosha, is director of the Kenosha Council on Alcoholism.

The agency is financed through United Way contributions, insurances, welfare and by the state of Wisconsin.

"Silence is the unbearable repartee."

## ACHS Names Evaluation Committee

Superintendent Warren Polley, of Antioch Community High School has announced the names of the steering committee members who will direct the school's efforts during its self-study and NCA evaluation.

The committee will be composed of five members and will be chaired by Art Blecke, the school principal.

Other members of the committee are Gary Allen, Bernie Fosmark, Ed Kurek and Ward Lear.

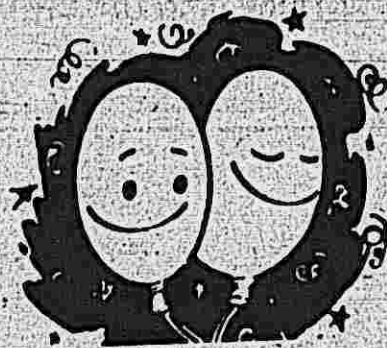

NCA membership requires that a school undergo a self-study and an evaluation once every seven years. It is the responsibility of the steering committee to coordinate the school's self-study, establish the time schedule for both the self-study and the outside team visit, synthesize all the reports from the various staff subcommittees, and make the necessary preparations for the visit

by the evaluation team.

According to Chairman Blecke, the evaluation will involve "a thorough review of the school's program and operations. The core inquiry will be on the extent to which the teaching and learning activities within the school carry out its major purposes."

The high school was last evaluated in 1968. The school has maintained full accreditation since it received NCA membership in 1934.

The North Central Association, the nation's largest regional accrediting association, is a voluntary league of some 4,000 secondary schools and 650 colleges and universities within a 19-state region. The association works with individual schools and institutions to improve the quality of education at all levels through a continuous process of accreditation and evaluation.

## 'Messiah' Rehearsals To Begin

Rehearsals of the Community Choir for the annual presentation of "The Christmas Portion" of Handel's "The Messiah" will begin this coming Sunday in Wesley Hall of the Antioch United Methodist Church, Main St., Antioch.

The rehearsal hours are from 3 to 5 p.m. All interested persons are welcome.

Two concerts will be presented in the sanctuary of the Benedictine Abbey, Benet Lake, Wis. on Fri., Dec. 1 and 8, at 8 p.m.

Featured soloists for this year's production are Mary Chris LaKome, soprano; Eva Harper, contralto; Ralph Brooke, tenor, and Bernard Izzo, bass.

Also featured will be Mary LaKome, organist and Tracy Teltz, pianist. The concert is under the direction of Ken Smouse.

All singers who are interested in joining the chorus are asked to be at the first rehearsal or contact Mr. Smouse, 395-1333.

## Alcohol Abuse Cost to Nation Is \$25 Billion

Alcohol is the most widely used and abused drug in the U.S., according to a recent report of the National Commission on Marijuana and Drug Abuse.

Authorities estimate about 7 per cent of the nation's total adult population displays one or more characteristics associated with alcoholism, and that about one in 10 drinkers is an alcoholic.

### Number Grows

These figures add up to a whopping 9 million alcoholics in the U.S. out of an estimated 95 million drinkers—a sizable increase from the estimated 6.5 million alcoholics of the late 1960's. Each year, their number is growing by about 100,000 "social" drinkers who become alcoholics—among them many young people, who, the commission estimates, "appear to be drinking more often, in greater quantities, and at an earlier age than ever before."

Alcoholism-related deaths are also on the rise, particularly among nonwhite males, the commission points out. It also estimates at least half the nation's 55,000 annual traffic deaths involved alcohol. Alcoholics figure in half the homicides and in about one-third of all suicides in this country.

### Examine Cost

Abuse of alcohol also costs the nation more than \$25 billion per year, arising mainly from absenteeism, lost production, motor vehicle accidents and medical expenses. This estimate of economic costs of alcohol-related problems represents an increase of more than 65 per cent over estimates made three years ago.

Recognizing the growing enormity of the problem, the National Institute on Alcohol Abuse and Alcoholism reports many medical schools have introduced courses on alcoholism and alcoholism-related illness.

## BOWLING

Chicago — Barney Hochstadter's 35th annual Six-Game Individual Classic, for men and women league bowlers with averages under 186, will be held over 24 weekends from Jan. 11 through June 22 in Spencer's Marina City Bowl, 300 North State St.

Paul Krumske, executive secretary and a member of the American Bowling Congress' Hall of Fame, listed the top three prizes. Based on an estimated entry of at least 2,800 contestants, the winner and champion will receive \$10,000; the runnerup \$5,000, and the third place finisher \$2,500.

Reservations for dates and squad times are being accepted by mail and phone (312) 527-0747. Reservations will close on Jan. 4. Final day to enter is Jan. 10.

## Even Tigers Go For Cookies

Tony the Tiger says Tiger Cookies are "Gr-r-reat!" What further endorsement is needed?

These cookies are true to their name with stripes of melted chocolate morsels running through each cookie. Better watch those first ones, warm and fresh from the oven. You know how tigers, even make-believe tigers, feel about sugar coated corn flakes. Now you can guess what's inside Tiger Cookies.

### TIGER COOKIES

- 3 cups sugar coated corn flakes
- 2 cups regular all-purpose flour
- 1/2 teaspoon baking soda
- 1/2 teaspoon salt
- 1 cup regular margarine or butter, softened
- 1 cup sugar
- 2 eggs
- 1 teaspoon vanilla flavoring
- 1 pkg. (6 oz., 1 cup) semi-sweet chocolate morsels, melted

1. Measure sugar coated corn flakes; crush to 1 1/2 cups. Set aside.
2. In small mixing bowl, stir together flour, soda and salt. Set aside.
3. Measure margarine and sugar into large mixing bowl; beat until well combined. Add eggs and vanilla; beat well. Add dry ingredients; mix thoroughly. Stir in crushed sugar coated corn flakes. Swirl warm melted chocolate lightly through batter, leaving large streaks of chocolate. Portion by level measuring-tablespoon onto ungreased baking sheets.
4. Bake in oven at 375° F. about 12 minutes or until lightly browned. Remove from baking sheets; cool on wire rack.

Yield: about 5 dozen cookies

## Royal Neighbors Olson Camp

Royal Neighbors Olson Camp met Oct. 22 at the American Legion Hall. Ida Kufalk presented the flag.

The group's card party, directed by Bea Milz, was called a huge success. However, Bea couldn't attend the meeting because of the death of her sister, Grace Corcoran.

Gladys Wilton, oracle, thanked members for working so hard on the card party.

"Birthday Gals" for the month were Pearl Anderson and Alice Fritch. Kitchen committee gals were Ellen Flint and Gladys Lokke, serving delicious pies.

The next meeting of the Royal Neighbors will be Tuesday, Nov. 12, at 8 p.m.

## Halloween Precautions

Few things bring more cries of outrage than child abuse, whatever its form. And with the arrival of Halloween will come the annual stories about vicious people who deliberately set out to harm children. People who put razor blades in apples, mothballs in popcorn, overdoses of drugs or medicines in homemade candies or cookies. The list goes on and on.

Following are some safety suggestions involving your child's trick-or-treat costume, his journey from door to door, and about the treats he receives.

Costumes should be fire resistant and short enough to prevent tripping. It should be visible to drivers. Teach your child not to enter a stranger's house and set up a curfew and boundary schedule.

Make it unquestionably clear to your child not to eat any of the goodies he receives until he returns home or until a responsible adult has thoroughly examined the treats. The best idea is to instruct your child to accept treats only from friends and neighbors he knows.

## 4H News

The Antioch Adventurers 4-H Club began the year with the election of new officers. They are as follows: president, Karen Kirschke; vice-president, Dave Lagerstrom; secretary, Kelly Selak; treasurer, Susan Meuter; reporter, Violet Meuter; historian, Doris Meuter.

To celebrate National 4-H week each member displayed a project at the First National Bank of Antioch. Some members also participated at Lakehurst to promote 4-H week. Karen Kirschke and Susan Meuter modeled dresses made in the clothing project during the fashion show. Violet Meuter and Karen Kirschke gave a demonstration in self defense by showing the audience some karate they have learned. Kelly Selak was M.C. for that part of the show.

### CLC In Choral Festival

The College of Lake County CLC Singers and director Warren Simpkins will participate in the third annual Choral Festival at Northwestern University on Fri., Nov. 1.

Sponsored by the Illinois Music Educators Association, the festival features the combined chorus of 13 area colleges and universities in concert at 8 p.m. in Evanston's

First United Methodist Church. After a day-long rehearsal, the chorus, under the direction of Oberlin College's Daniel Moe, will present a program highlighted with the "Contata of Peace" by Moe and Hayden's "Te Deum."

Simpkins, of Grayslake, was instrumental in making the festival an annual event.

### Science Workshop

The Docent Committee of the Lincoln Park Zoological Society and the Field Museum of Natural History are co-sponsoring a program and workshops on reptiles and amphibians for junior and senior high students.

The morning program will feature live animals, museum fossils and a National Geographic film. The two afternoon workshops will be on reptile evolution and reptiles as pets. Both program and workshops will be held at the Field Museum, Roosevelt Road and Lake Shore Drive, on Sat., Nov. 16. Admission is free.

Call the Field Museum at 922-9410, ext. 351, to register. Reservations are necessary for both program and workshops. Registration is limited.

The Docent Committee is the volunteer educational program of the Lincoln Park Zoological Society. "Docent" is derived from the Greek for unpaid lecturer.

## COMMENTS...

### HURRICANE GEORGE!

It had to happen someday, but was anyone really prepared for "men's lib?" It seems the struggle for sexual equality has now assumed a new meaning for American males.

In response to the women's liberation movement, many men are taking a second look at traditional "female jobs." The Equal Employment Opportunity Commission reports that male charges of sex discrimination are on the rise, and some men are stepping into new careers as nurses, airline stewards, clerical personnel and telephone operators. Some groups feel that divorce laws must be revised because they are unfair to ex-husbands. Indeed, the entire concept of masculinity is being challenged.

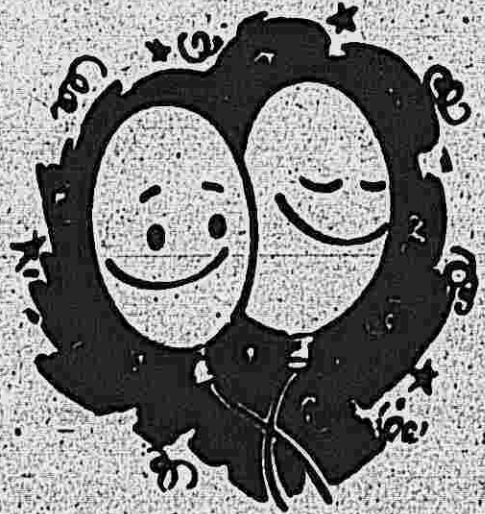

Where it will end is anyone's guess, but don't be surprised if your newspaper someday carries an article deploring the destruction evoked by Father Nature as "Hurricane George" roared in off the Gulf of Mexico.

### Scots Throw Money Away

Scots are traditionally known to be canny when it comes to dealing with money, but the Teacher's Scotch Information Centre reports one place in Scotland where Scots actually throw money away!

If you are crossing the famous Forth Bridge, which

carries the railway over the Firth of Forth, you will see Scots standing at the open windows of the train and throwing coins into the sea. Ask them why and they'll tell you, "For luck."

Ask them again how this superstition started and, almost certainly, they won't be able to tell you. But Teacher's Scotch Information Centre can.

The custom is hundreds of years old and existed in a different form long before the Forth Bridge was built. It originates from the offerings which travellers were wont to make in the Chapel of St. James at South Queensferry before hazarding the dangerous crossing of the Firth of Forth by small boat.

Incidentally, Queensferry gets its name from a traveller who crossed the Forth by boat over 800 years ago. She was Saint Margaret, Queen to King Malcolm III of Scotland.

# SPORTS

**HALFBACK DAVE MOORE** sweeps around right end, looking for an opening as Stevenson tacklers zero in on him. Moore, a newcomer to the Sequoit team, is only a junior and could be one of the stars of the 1975 Sequoits.

## Stevenson Too Big, Too Tough ... (Too Bad)

### Sequoits Close At Grant

Gee whiz. Can't these opponents take a hint?

Antioch's Sequoits rushed right out and took a 6-0 lead again last Saturday. But Stevenson's Patriots completely ignored the Sequoits' desire for a Homecoming victory.

They came back and steam-rolled to a 38-6 victory.

Otherwise it was a perfect Homecoming for Antioch. Fantastic weather, a super parade and school spirit galore.

**IN THE FOOTBALL** game, Stevenson was the favorite, of course, and a much bigger team.

Yet, once again Antioch started out as if headed for an upset. Karl Blumenschein, a senior halfback having a fine year, sprinted 10 yards to put the Sequoits ahead 6-0 in the first quarter.

But Stevenson scored twice in

the second period, enjoyed a 14-6 halftime lead, and then trounced Antioch thoroughly in the second half.

**BLUMENSCHIN HAD** a good day, finishing with 58 yards in 14 whacks at the big Stevenson line. Jon Bodin and Mike Jones ran well, too, gaining 49 and 34 yards respectively. The Sequoits put some yards under their cleats, rushing for 154 and passing for 75 - but their touchdown plans were interrupted by three

interceptions and two fumbles. The Sequoits will close their season Friday night in an 8 o'clock game at Grant.

Grant's Bulldogs will be heavy favorites. They have a 6-2 record in the conference after losing to that tough Wauconda team, 14-6, last Saturday.

Wauconda and Warren both have 7-1 records entering the final week of the season. Warren plays Cary-Grove and Wauconda should romp to an easy win at Round Lake.

## Sophs Romp

After a slow start, Antioch's sophomore football team does have it all together as it beat the Stevenson sophs 32-0 Saturday. The game was never in doubt as our sophs took the opening kick-off and marched 73 yards in 15 plays with Todd Tenech scoring on a one yard wedge. Antioch's defense held and on the next series Bill Wates took a pitch out on a reverse and scampered 43 yards for a touchdown. Jerry Schmidt kicked the extra point and Antioch led 13-0. Antioch added a third touch down in the second quarter as Mike Brady and Bob Ducato threw fine blocks and sprung Wally Walraf into the secondary. From there it appeared as if he was stopped twice but Wally broke two tackles and went 46 yards for the touchdown. Again the kick was good and the score rose to 20-0 at halftime.

In the second half Walraf was sprung loose for another 37 yard touchdown and Brian Andrews threw a two yard quickie to Dave Zitkus for the fifth touchdown. Stevenson never entered Antioch's territory as the defense held them to three first downs and they never crossed the 45 yard line.

Defensively John Kakacek led the team in tackles from his middle linebacking spot as well he should have. When his teammates on the line and in the defensive backfield are playing team defense, the linebackers get the tackles. Defensive linemen for the sophs were Doug Schrieber, Todd Tenech, Don Norwick, Jerry Schmidt, Tim Murphey and Rich Dauck. Defensive backs who picked off four passes were: Mike Vos, Dave Zitkus, Wally Walraf and Conrad Knutsen.

**ANTIOCH'S JEFF SCHMIDT** (dark jersey) leaped high for this pass, but was only able to deflect it into the hands of No. 23, a Stevenson interceptor.

### Wrestling To Start

On Mon., Nov. 4 wrestling practice begins in preparation for the opening meet November 22 against Mundelein.

Practice gear will be issued Monday with full workouts starting Tuesday. Last year, Antioch was 12 and 2 on the freshman level, had a fine 18-1 sophomore record, was 7-1 on

the JV level and 10-8-3 on the varsity. Coaches Ted DeRousse, Steve Wapon, and Tom Schweiss are looking forward to a fine turnout to continue this fine winning tradition.

### K-12 Education Costs \$26,000

A public school education for youngsters who entered school this September could cost \$26,000. Over the past 12 years, the cost to the American taxpayer for the average student was \$10,316.

## Antioch Frosh Win 5th Straight

Homecoming weekend at Antioch High School got off on the right foot when the freshmen traveled to Prairie View on Friday and came back with a 14-6 win over the Stevenson Patriots.

It was the team's fifth straight victory and sixth of the season. The frosh have lost twice.

Unlike their last several games, they had to fight from behind this time. The Sequoits were hampered by the loss of

three starters sidelined by injuries; quarterback Tom Dixon, tackle Mark Berthold and defensive end Pat Solar. Filling in and doing commendable jobs were Al Roth, Rick Motley and Bill Babe.

Roth suffered four intercepted passes and a fumble but made up for it on defense by intercepting a Patriot pass and returning it 27 yards to set up Antioch's first touchdown.

Stevenson tied it at 6-6 in the third quarter, the first touch-

down given up by Antioch's tough defensive unit in five games.

Six times Stevenson was stopped inside the Antioch 30 yard line. Defensive standouts singled out by the coaches were Roth, Tom Huebner, Jim Dituro, Rick Motley, Scott Smith and Rich Packert.

Antioch's offensive game never got going because of the interceptions and two fumbles. The 66 yards gained passing came on the only Sequoit

completion, a halfback option pass from Kenn Rosenbrock to Rick Brown for Antioch's second touchdown. Tom Huebner ran for the two-point conversion.

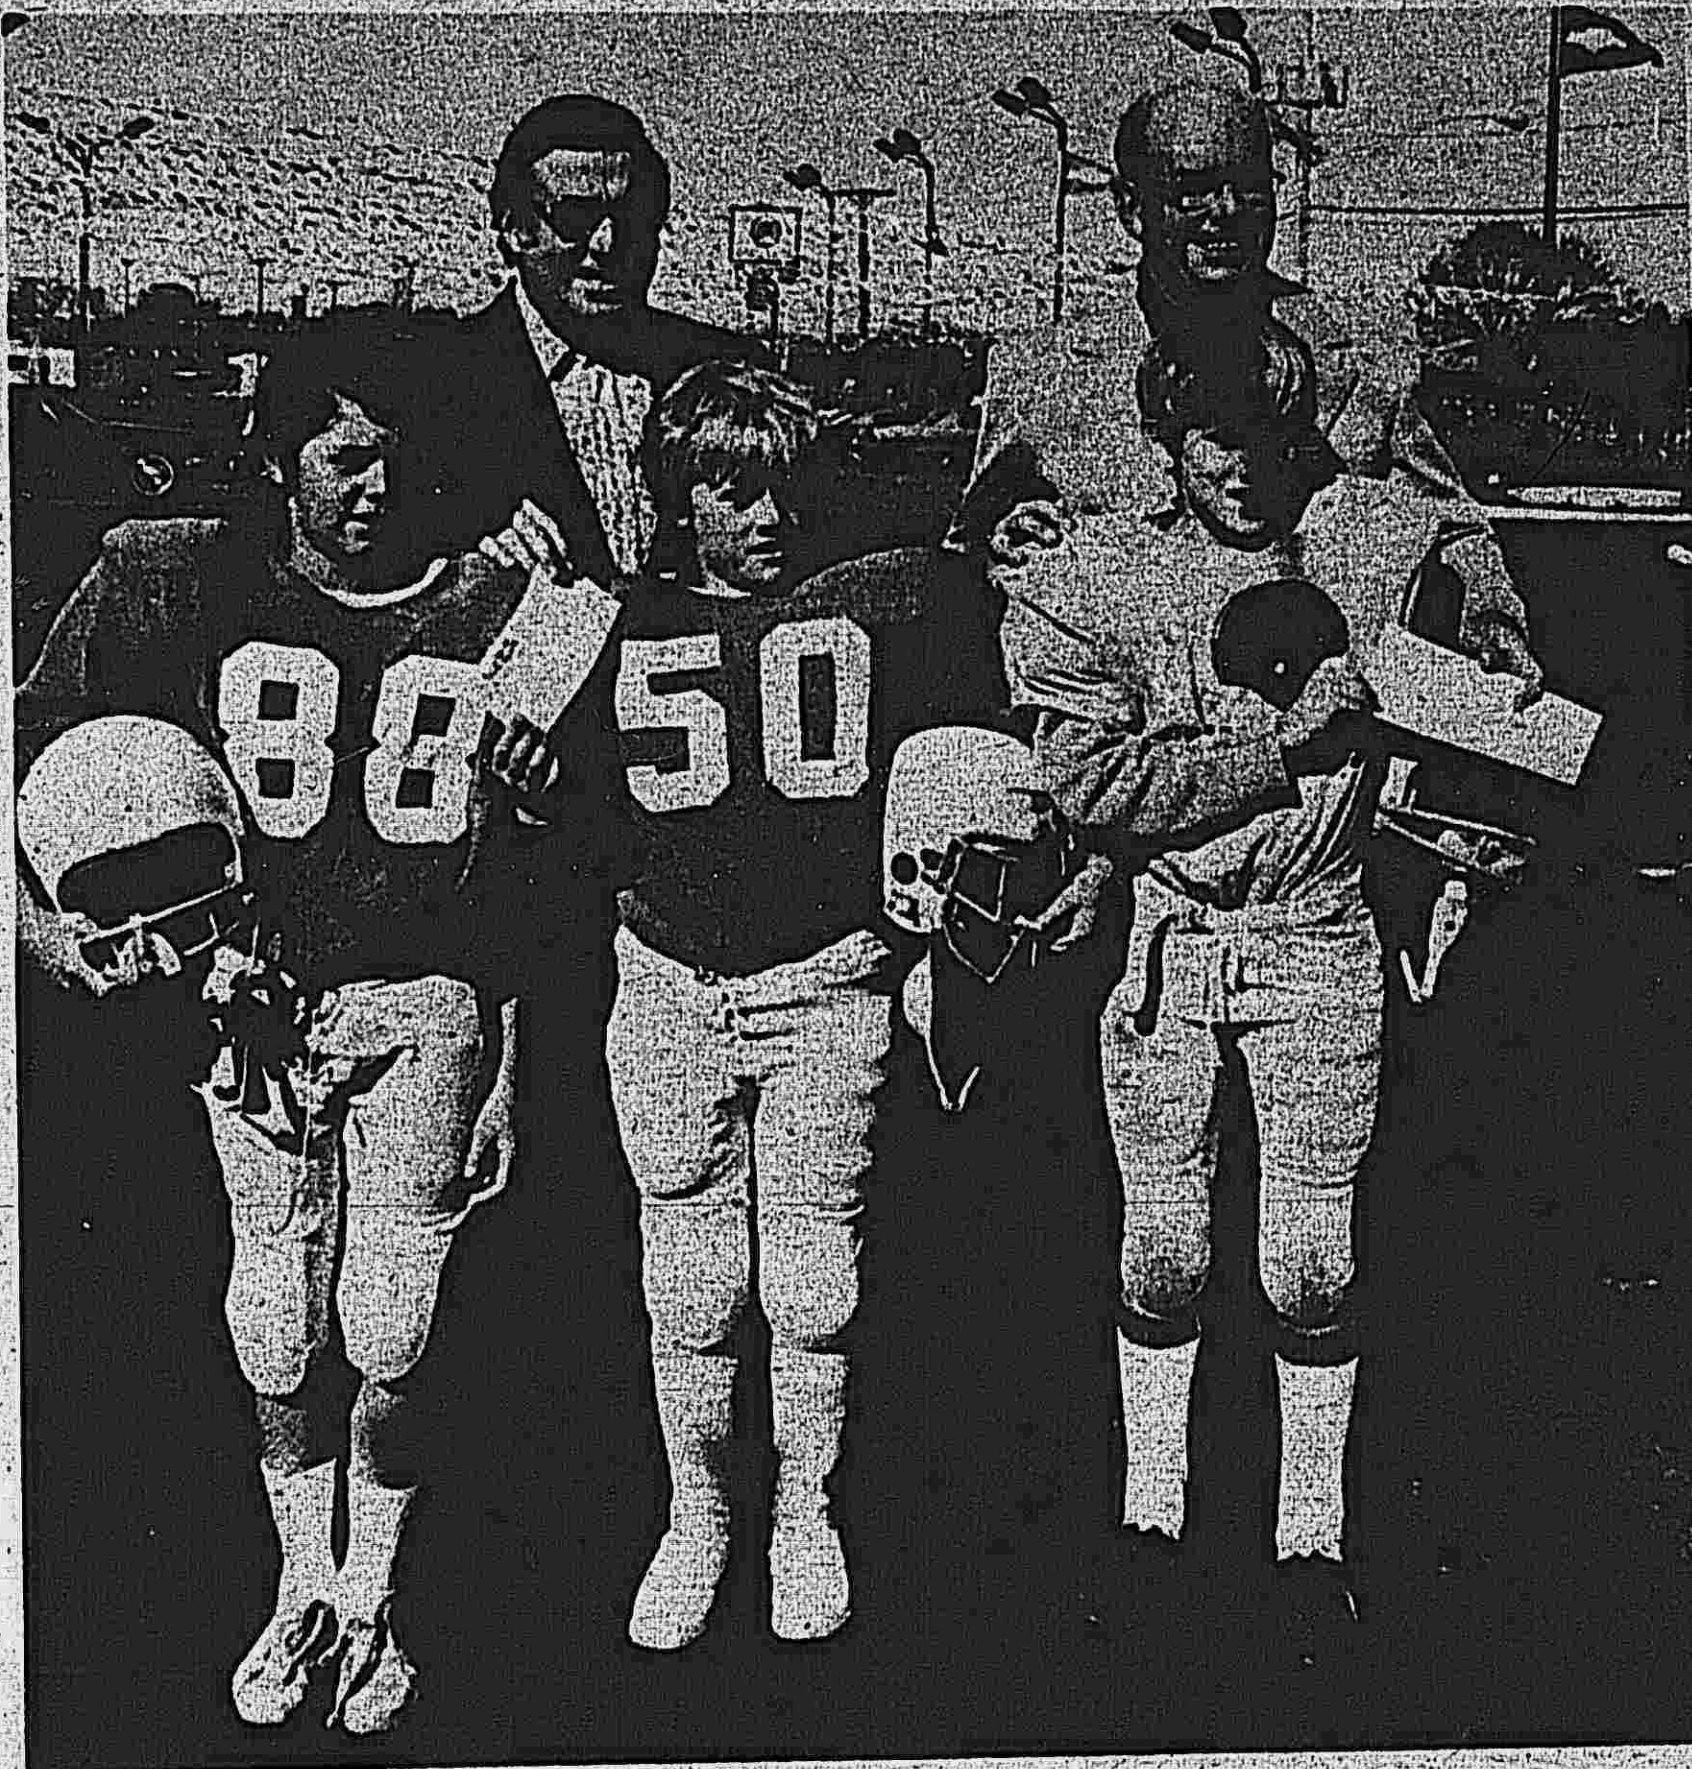

Coach Norm Hahn said he was very happy with the win in the face of so many handicaps.

"This team never quits," he said. "They have courage. It would have been understandable for them to give up, but they didn't."

THANKS TO JOHN TERESI of Teresi Chevrolet-Oldsmobile and Bill Brook of the State Bank of Antioch, the more than 60 young persons involved in Antioch Viking football will receive individual trophies at their Nov. 20 banquet. The money was presented Saturday to three of the Vikings (from left) Greg Georgeson, Mike Dye and Quinn Stagg.

## Antioch Vikings Winding Up A Super Season

The 1974 Viking football season, for boys in the 6th, 7th and 8th grades, is drawing to a successful close in Antioch.

The Heavyweights, boys weighing more than 110 pounds, lost to Wauconda 21-6 last weekend but still wound up second in their division. Fox Lake won the title.

The Antioch Lightweights triumphed again, 19-13, and won their division championship, for boys under 110 pounds.

The Lightweights return to action next Sunday, 12:30 p.m., at North Palatine, to play for the sectional championship. If they win, they probably will be involved the following weekend in a game in Antioch for the Northern Illinois Junior Football League championship.

A SEASON-ENDING banquet is scheduled for 7 p.m. on Wed., Nov. 20, at Tony & Lill's restaurant. At that time individual trophies will be presented to the more than 50 boys who participated in Viking Football this season. The managers and the seven girl cheerleaders also will receive trophies. The more-than-60

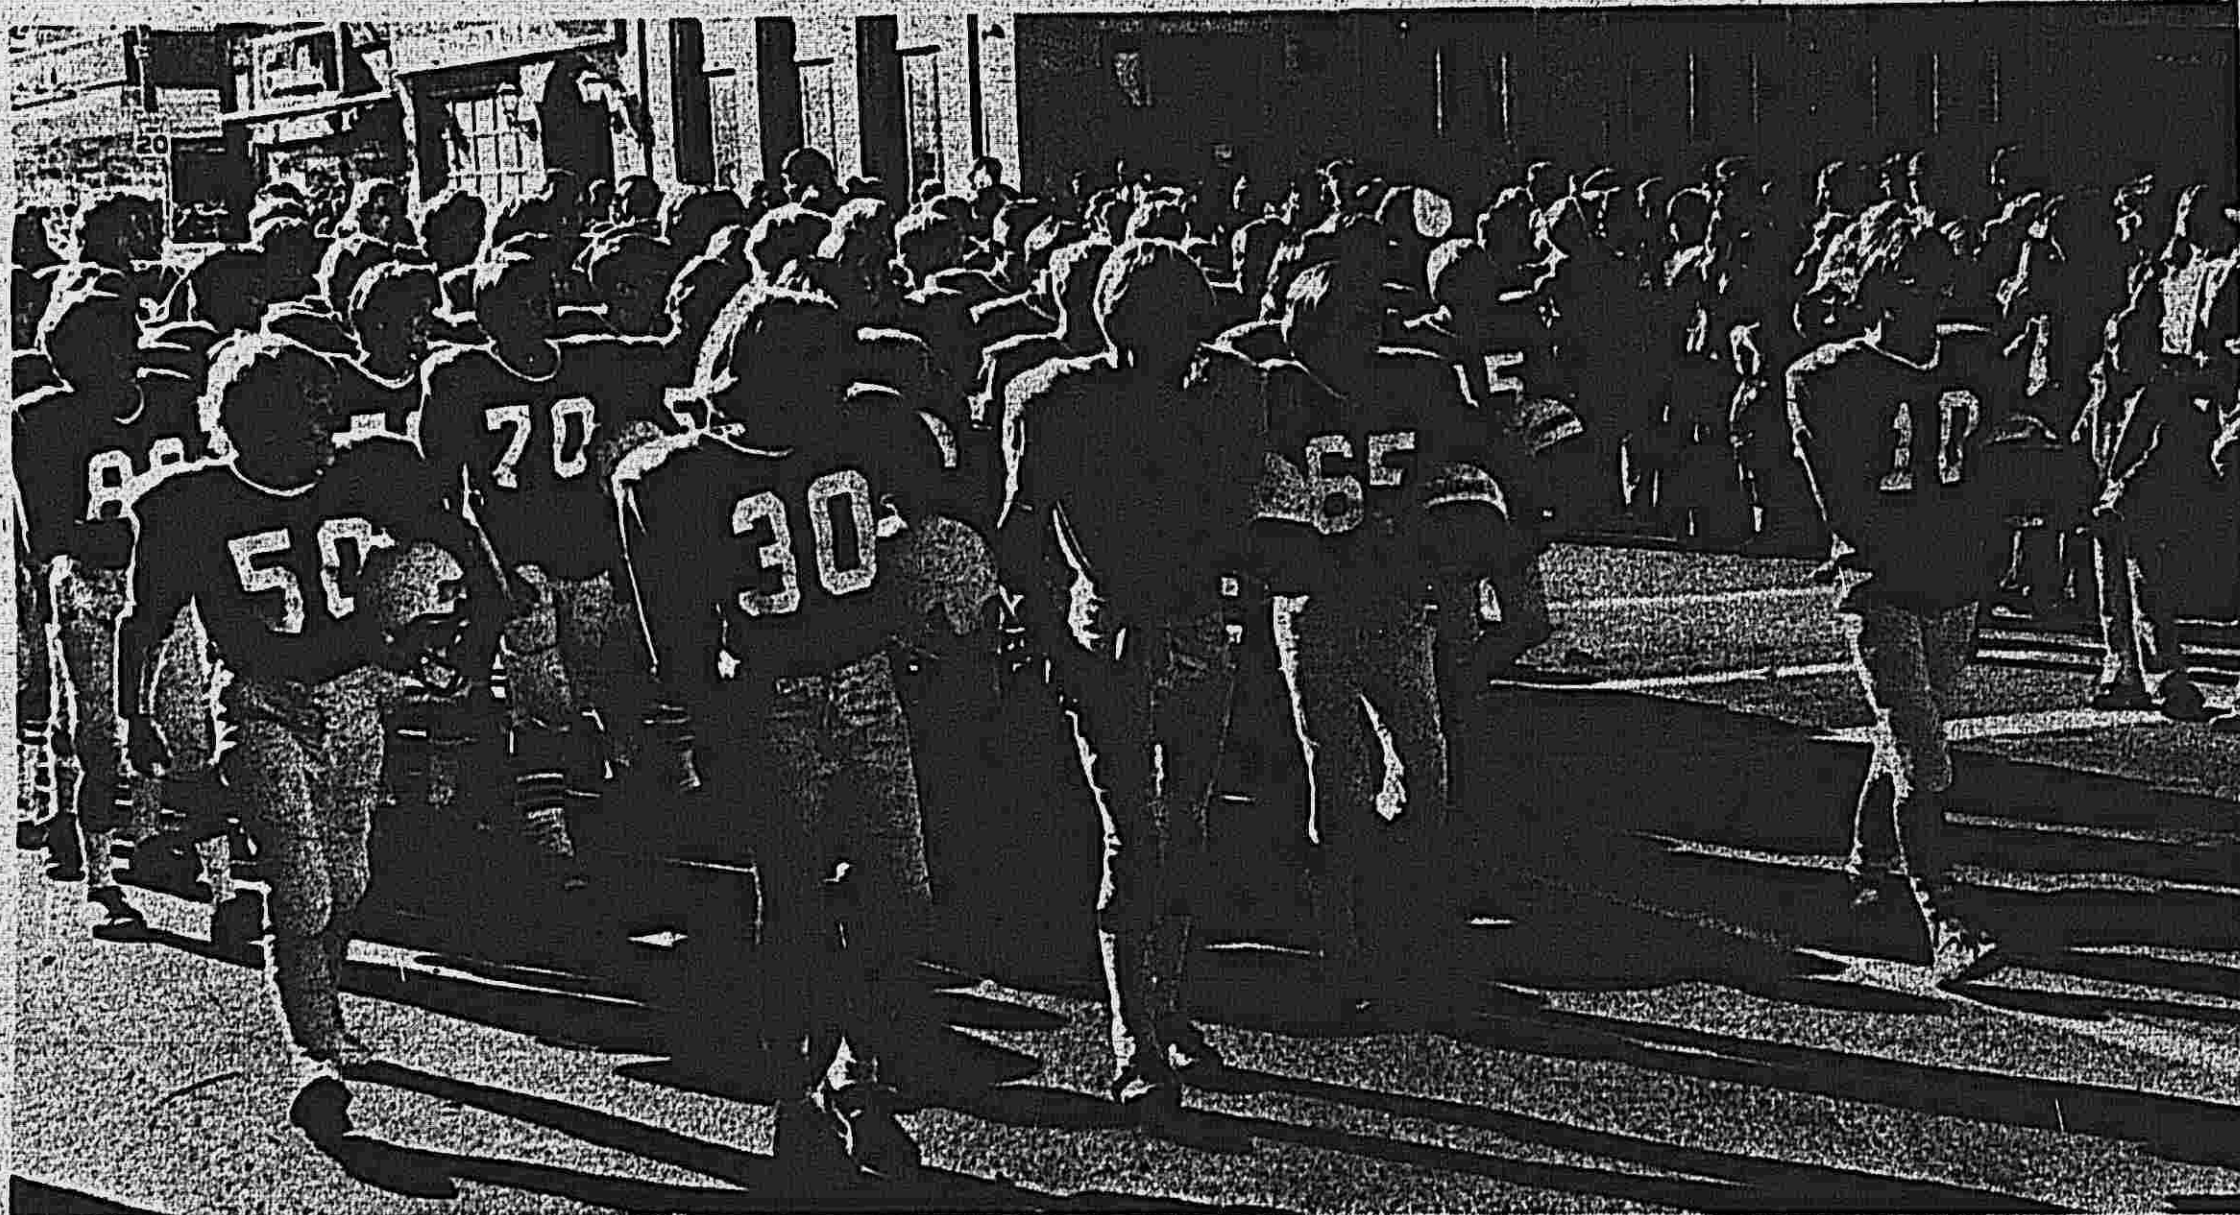

trophies are being donated by the State Bank of Antioch and John Teresi Chevrolet-Oldsmobile.

PAUL DYE, one of the coaches, pointed out that Antioch businessmen have been extremely generous in supporting Viking football during the last few years.

"Five years ago, Leo McGrain started the Antioch Vikings with no uniforms," he said. "It was just a group of boys, but thanks to the generosity of businessmen we were able to purchase uniforms four years ago."

Now it is a very organized sport in Antioch. The boys practice three evenings a week at the Little League field and the high school lets the Vikings use its field for home games.

THE UNIFORMS are wearing out, so the Vikings plan a drive to raise money for new equipment. Dye said contributions can be sent to the Antioch Vikings, care of Leo McGrain, Rt. 2, Box 94, Antioch.

MEMBERS OF THE ANTIOCH VIKINGS marched in Saturday's high school homecoming parade. In a few years, many of these 6th, 7th and 8th graders will be playing for the Sequoia varsity.

### FOOTBALL CONTEST

## Joy Gossman Wins \$15 Prize

Move over everybody. Twelve year-old Joy Gossman of Channel Lake is Antioch's new champion football forecaster.

She picked Stevenson to beat Antioch 35-6 last week and the score was 38-6.

So a check for \$15 is on its way to Joy, a 7th grade student at St. Peter's School.

Earlier in the season, Joy placed second in the contest and won a \$10 gift certificate at Walsh's All-Seasons. She bought herself a tennis racquet.

PLACING SECOND last week was Scott Kimball of Lindenhurst, who picked Stevenson to win 26-6. He wins a \$10 savings account at the First National Bank of Antioch.

Believe it or not, Scott was second two weeks ago and won a \$10 savings account at the State Bank of Antioch. Two weeks ago he picked Grayslake to beat Antioch 20-13 and the final score was 13-12. Scott, 16, is a junior at Antioch Community High School.

PLACING THIRD last week was Shayne Schroeder of Lindenhurst, who picked Stevenson to win 17-0. Shayne wins a \$5 gift certificate at A&B Printing.

The season's final football contest appears in today's Antioch News. Remember, it's a Friday night game - Antioch vs. Grant - and your entries must be in our office, or postmarked, prior to the kickoff.

Once again, first prize is \$15. Second prize is a \$10 savings account at the Antioch Savings & Loan Association and third prize is a \$5 gift certificate at A&B Printing.

**The Town Crier**

Our question of whether the name of this town is pronounced Anti-och or "Annie-ach" was answered at the big high school pep rally Friday night.

Still ringing in our ears is the sound of those hundreds of kids yelling, "Annie-ach!" ... "Annie-ach!"

If that's what the kids are calling it, that's what it's going to be called for years to come.

A-N-T-I-O-C-H. That's the way you spell it, but that ain't the way they yell it.

OH! OH! The leaf burning controversy didn't need any more fuel, but it got some.

The Antioch fire department had to race out Monday noon and put out a shed that was on fire. Seems someone was burning leaves and ...

WHEN PEOPLE ask, "What

training do you need?" I recall Somerset Maugham's story, "The Verger", about a janitor who used to clean St. Peter's Church until a young Vicar discovered that he was illiterate, and fired him.

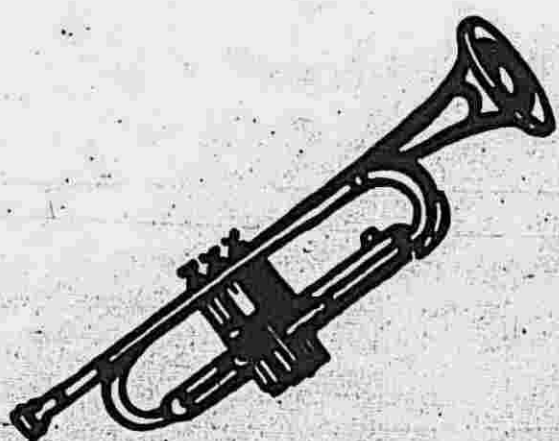

Jobless, the man invested his meager savings in a tiny tobacco shop, where he prospered, bought another, expanded and ended up with a chain worth \$150,000.

One day his banker said, "You've done well for an illiterate, but where would you be if you could read and write?" "Well," he said, "I'd be janitor of St. Peter's Church in Neville Square."

REMEMBER BACK when it would have been illegal for a kid to do his homework with an electric calculator? Hear ye!

### PUBLICITY DEADLINE IS MONDAY NOON

Because so many clubs and organizations are submitting publicity releases on Monday afternoons and Tuesday mornings, the Antioch News is having trouble squeezing all of the information into the newspaper. So once again we must strictly enforce our deadline of Monday noon for publicity releases. And, for

best results, it would help if you got them to us on the previous Friday. Thanks for your cooperation.
